THE CRAFT

Not clay. Quartz, glass and patience.

Every Jaipur Blue Pottery piece is meticulously handcrafted by skilled artisans using techniques passed down through generations. Unlike conventional ceramics, this unique art form is made from a blend of quartz stone powder, glass powder, natural gums, and other traditional materials rather than clay. Each product is carefully hand-molded, hand-painted with intricate motifs, glazed, and kiln-fired to achieve its signature glossy finish and vibrant colors. The result is a timeless work of art that celebrates Rajasthan's rich cultural heritage while meeting modern standards of quality and design.

MADE WITHOUT UTILISING ANY CLAY

01 **Blend**
Quartz stone powder, glass powder and natural gums form the base. Borax and Multani mitti (fuller's earth) also feature in the mix.

02 **Mould**
Each piece is hand-molded.

03 **Paint**
Intricate motifs are hand-painted in vitreous glazes.

04 **Glaze & Fire**
Glazed and kiln-fired for the signature glossy finish and vibrant colour.
