THE CRAFT

Cut, carved and hand-finished

Rajasthan has worked in wood for generations. Our artisans select natural sheesham, mango and pine wood and cut it to shape, carve and join each form, then finish the surface by hand until the grain shows. Every piece is finished and inspected before it ships, so the wood is smooth, stable and ready for kitchens, dining tables, hospitality spaces and retail shelves around the world. Because the wood is natural, slight variations in grain, tone and texture make every piece unique.
